

I am apalled at the un-democratic and un- American actions of Sinclair Broadcasting.....by requiring their stations to run a very negative documentary about John Kerry. Please require Sinclair to let it be up to the discretion of the station manager as to whether this negative piece be shown. If it is please "require" that the stations also show "Going Upriver" for fair and equal time. Please don't let this country lose the very "freedom" that our soldiers are fighting for and dying for in Iraq and Afghanistan.
